Education

Bachelor of Technology - Computer and Communication Engineering, 08/2023 – Present
Manipal University, Jaipur Jaipur, Rajasthan
CGPA: 8.5

Minor in Data Science and Artificial Intelligence, Masai School 06/2025 – Present
Overall Score: 8.30 Mandi, Himachal Pradesh

Higher Senior Secondary, Rawat Public School 2021 – 2023
Result: 88.8% Jaipur, Rajasthan

Skills

ML Modelling & Evaluation

Regression, classification, cross-validation, model evaluation techniques (precision, recall, f1-score).

Data Preparation & Analytics

Feature Engineering, exploratory data analysis (EDA), handling missing values, data visualization.

Tools & Workflow

Jupyter Notebook, VS Code, MySQL, GitHub

Soft Skills

Fluent Communication with critical thinking ability for problem solving.

Projects

Student Placement Predictor - Pandas | Scikit-Learn | Matplotlib

- Developed a custom Linear Regression model from scratch using Batch Gradient Descent to predict student placements (Placed vs. Not Placed).
- Optimized hyperparameters by conducting a grid search on learning rates and epochs across training, validation, and testing splits.
- Achieved a peak predictive accuracy of **79.25%** by implementing a 0.5 probability threshold for binary classification.
